Primed - Standard

Standard or custom prefinish colors available

Options:

Custom mid rail location

Multiple mid rails

Prefinishing available

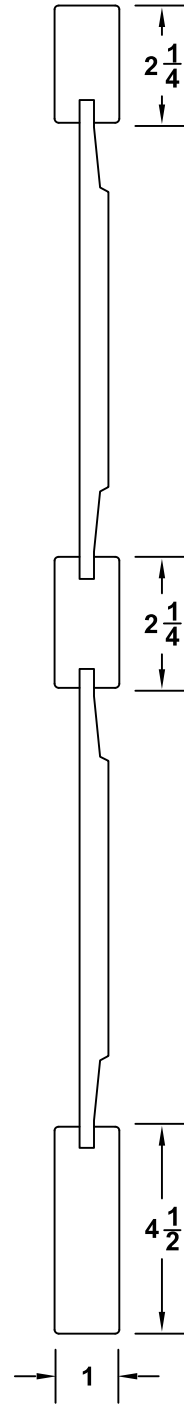

Radius, segment or angled top

Double sided raised panels

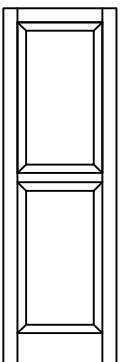

Flat panels

Cutouts in panels

Fixed Mounting Hardware

MILLENNIUM PANEL SHUTTERS

Millennium Panel shutters have eased edge stiles and rails. They are built using dowel construction, raised panels (raised 1 side) and "flush face" design (all stiles and rails are the same thickness). Millennium shutters are primed with an option for prefinishing with either standard or custom colors.
